

Dear All,

I am happy to report that we remain free from positive tests for Covid-19 for our staff and students. We have one member of staff who is isolating as part of a household bubble but who is not positive. This is a testament to everyone's effort to follow the simple and basic rules.

- Hands: clean our hands more often for 20 seconds using soap and water, use sanitiser where this isn't possible.
- "Catch it, Bin it, Kill it": follow good respiratory hygiene habits, use the tissues provided and throw them away safely.
- Respecting the designated groups, areas and learning spaces and not mixing at break times or visiting each other.
- Keeping apart when moving around our campus and avoiding stopping for a chat.
- Listening well and following instructions from staff.
- Not coming into college and following advice if you have any symptoms of Covid-19.

Jennie Lewty, our Education Vice Principal, has been starting this term's Observations and Walk-throughs and has been delighted to see students fully engaged in their learning, taking real pride in what they are doing and being so willing to share their success. We have a really great group of young people this year who want to make the most of every opportunity that they have.

Our status remains Green at present.

Have a good weekend

William Taylor

Principal
