PART A

1. Policy Statement and Principals

This policy is one of a series in the College's integrated safeguarding portfolios and approaches

Related safeguarding portfolio policies/procedures:

- Staff Code of Conduct
- Safer Recruitment
- Whistleblowing
- Allegations Against Staff
- Anti-Bullying
- E-Safety
- Home Working
- Grievance & Disciplinary
- Personal Relationships & Sex Education

It should be considered alongside Health and Safety legislative requirements

<https://www.gov.uk/government/publications/health-and-safety-advice-for-schools>

The colleges' safeguarding arrangements are inspected by Ofsted & CQC.

Our core safeguarding principles are:

- The colleges responsibility to safeguard and promote the welfare of young people is of paramount importance.
- Safer young people make more successful learners.
- Representatives of the college community will be involved in policy development and review.
- Policies will be reviewed annually unless an incident or new legislation or guidance suggests the need for an interim review.
- The college will work with other agencies and share information appropriately to ensure the safety and wellbeing of our students.
- Actions will be taken in the best interests of the student / young person.

Child protection statement

We recognise our moral and statutory responsibility to safeguard and promote the welfare of all children & young people. We endeavour to provide a safe and welcoming environment, maintaining a culture of vigilance, where young people are respected and valued. We will act quickly and follow our procedures to ensure children and young people receive early help and effective support, protection and justice.

Safeguarding is;

Protecting young people from maltreatment;

Preventing the impairment of young peoples' mental and physical health or development;

Ensuring that children and young people grow up in circumstances consistent with the provision of safe and effective care; and

Taking action to enable all young people to have the best outcomes.

Policy principles

- Welfare of the children and young people is paramount; actions will be taken in their best interests.
- All young people, regardless of age, gender, ability, culture, race, language, religion or sexual identity, have equal rights to protection
- All staff have an equal responsibility to identify children & young people who may benefit from early help and to act on any suspicion or allegation that may suggest a young person is at risk of harm.
- There is a culture of vigilance, transparency, openness and, if needed, challenge with regards to maintaining high standards in safeguarding.
- Students and staff involved in child protection issues will receive appropriate support

Policy aims

- To provide all staff with the necessary information to enable them to meet their child & young person protection responsibilities
- To ensure consistent good practice
- To demonstrate the colleges' commitment with regard to young people protection to students, parents and other partners
- To contribute to the colleges' safeguarding portfolio

The procedures contained in this policy apply to all staff and Trustees and are consistent with those of the;

West Yorkshire Consortium Procedures <http://westyorkscb.proceduresonline.com/index.htm>

WSCP Wakefield Safeguarding Children Partnership

<https://www.wakefieldscp.org.uk/>

We will engage locally with Wakefield Safeguarding Children Partnership including taking part in the annual safeguarding audit and training offer.

Equality Act 2010

<https://www.gov.uk/government/publications/equality-act-2010-advice-for-schools>

As a college we welcome our duties under the Equality Act 2010. The general duties are to:

- eliminate discrimination,
- advance equality of opportunity
- foster good relations

We will ensure that those with protected characteristics are not discriminated against and are given equality of opportunity. We recognize, welcome and respect diversity.

Coronavirus

We recognise that the global Covid 19 pandemic has had a significant impact on some of our students and increased pressure on our safeguarding staff. It is recognised that Coronavirus lockdowns have been, and may continue to be, a highly vulnerable time for children and families. We understand that poor behaviour may be a sign of trauma. The college outlines the continued support offered in this policy.

Guidance for Schools Coronavirus;

<https://www.gov.uk/government/collections/guidance-for-schools-coronavirus-covid-19>

Due To Coronavirus we have implemented the following measures in college;

- Promoted social distancing and cleanliness using accessible signage and verbal prompts from staff.
- Limiting visitors to those who are necessary, and asking them to sanitize their hands and wear appropriate PPE before signing in.
- Reporting where necessary to Public Health England / D of E regarding our infection rates and taking actions such as limiting the amount of students on site, while providing a safe environment for our residential students.
- Limiting the amount of students in small areas such as reception when entering and leaving college, ensuring that the areas are ventilated.
- Ensured that all our staff receive refresher training to ensure that they are able to spot the signs of a potential safeguarding issue during these unprecedented times.

Research suggests that between 6-19% of school aged children and young people will suffer severe maltreatment, and disabled young people are three to four times more likely to be abused. Five children in an average classroom have a diagnosable mental health condition. Due to their day-to-day contact with students, college staff are uniquely placed to observe changes in our students' behaviour and the outward signs of abuse and mental health concerns. Children and young people may also turn to a trusted adult in college when they are in distress or at risk. It is vital that college staff are alert to the signs of abuse, both inside (e.g. bullying or staff grooming behaviours) and outside the college and understand the procedures

for reporting their concerns. We will create an open transparent culture and environment where staff and students feel safe and can raise any issues. Staff will be supported to be professionally curious with regards to safeguarding matters and to use a restorative approach when working with children and young people, families and other agencies. The college will act on identified concerns and provide early help, or support others to do so, to prevent concerns from escalating.

Terminology

Child/Children includes everyone under the age of 18.

Safeguarding Protecting children from maltreatment. Preventing the impairment of their mental and physical health or development, ensuring that they grow up in circumstances consistent with the provision of safe and effective care, taking action to enable the best outcomes.

Child protection refers to the processes undertaken to protect children who have been identified as suffering, or being at risk of suffering significant harm.

Early Help providing support as soon as a problem emerges at any point in a child's life, from the foundation years through to the teenage years. It is about providing support quickly whenever difficulties emerge to reduce the impact of problems.

Early help Assessment all Early Help Assessments offer a basis for early identification of children's additional needs, the sharing of this information between organisations and the coordination of service provision. Early Help Assessments require consent and should identify what help the child and family require to prevent needs escalating to a point where intervention would be needed via a statutory assessment under the Children Act 1989. The findings from Early Help Assessments may give rise to concerns about the child's safety and welfare. In these circumstances, it should be used to support a Referral to Children's Social Care: however this is not a pre-requisite for making a referral in emergency circumstances. **CAF** – Common Assessment Framework is one form of early help inter-agency assessment. Signs of Safety -3 column and scaling is another example. Any Early help assessment can be used in Wakefield.

TAC/F/S/EY Team around Child/Family/School/Early Years

Staff refers to all those working for or on behalf of the school, full time or part time, temporary or permanent, in either a paid or voluntary capacity.

Parent refers to birth parents and other adults who are in a parenting/carer role, for example step-parents, foster carers and adoptive parents.

LADO – Local Authority Designated Officer/Designated Officer a post in the local authority, to coordinate and manage allegations against staff.

Social Care MASH – Wakefield's children social care/Family services/Integrated Front Door/Multi Agency Safeguarding Hub

CAMHS Child and adolescent mental health service

WSCP Wakefield Safeguarding Children Partnership. This has replaced WDSCB Wakefield District Safeguarding Children Board.

Signs Of Safety – an approach to family intervention work, used across the Continuum of Need. This has been incorporated into **Wakefield Families Together – Connecting Practice Approach** now used in Wakefield.

Restorative Approach – using language and skills to reduce conflict and foster relationships in order to help people reach sustainable solutions to problems. This is the overarching aim of any work and training in Wakefield district.

Continuum of Need – outlines the difference levels of support for children and families in Wakefield District.

DSL - Designated Safeguarding Lead. School will have a team or at least two DSL's.

FIM – Future in Mind. Program to help in promoting, protecting and improving our children and young people's mental health and wellbeing

MARF – Multi Agency Referral Form used in Wakefield District

MACE panel Multi Agency Child Exploitation panel.

ACES Adverse Childhood Experiences

ciC Child in Care

2. Safeguarding Legislation and Guidance

Education Act 2002

Section 175 of the Education Act 2002 requires local education authorities and the governors of maintained schools and further education (FE) colleges to make arrangements to ensure that their functions are carried out with a view to safeguarding and promoting the welfare of children.

Education (Independent Schools Standards) Regulations 2014 require independent schools to have arrangements to safeguard and promote the welfare of children who are students at the college. The same applies through the Non Maintained Special Schools (England) Regulations 2015

Counter Terrorism and Security Act 2015,

Section 26 Applies to schools and other providers;

To have due regard to the need to prevent people being drawn into terrorism.

Serious Crime Act 2015

Includes the mandatory reporting of FGM.

Working Together to Safeguarding Children (2018) covers the legislative requirements and expectations on all services working with children to safeguard and promote the welfare of Children. The three safeguarding Partners of Health, Police and Local Authority will make arrangements for education to be fully engaged in their local area arrangements.

<https://www.gov.uk/government/publications/working-together-to-safeguard-children--2>

Keeping Children Safe in Education (2021)

Schools and colleges must have regard to this guidance when carrying out their duties to safeguard and promote the welfare of children.

<https://www.gov.uk/government/publications/keeping-children-safe-in-education--2>

All staff should read Part One and Annex B (or Annex A for those not working directly with students) and staff can find a copy on the safeguarding noticeboard. These are located in Reception, opposite the finance office, in Boyne Hill House Conservatory and in the Education Hub. Also the Staff Handbook links to the Safeguarding Policy.

Sexual Violence and Sexual Harassment between children in schools and colleges;

[Sexual violence and sexual harassment between children in schools and colleges - GOV.UK \(www.gov.uk\)](https://www.gov.uk/government/publications/sexual-violence-and-sexual-harassment-between-children-in-schools-and-colleges)

Prevent Duty Guidance – England and Wales

Covers the duty of schools and other providers in section 29 Counter Terrorism and Security Act 2015, to have due regard to the need to prevent people being drawn into terrorism.

<https://www.gov.uk/government/publications/prevent-duty-guidance>

<https://www.gov.uk/government/publications/protecting-children-from-radicalisation-the-prevent-duty>

Teaching Standards

The Teacher Standards 2012 state that teachers, including head teachers should safeguard children's wellbeing and maintain public trust in the teaching profession as part of their professional duties.

3. Roles and Responsibilities

Key personnel

- **The Designated Safeguarding Lead (DSL) (member of senior management) is :**

Jennie Lewty

Contact details: email: jennie.l@camphill.ac.uk tel 01924 255284 (ext 220)

- **The Deputy DSL's are**
- Lynda Abrahams (Registered House Manager)
- Katrina Lyons (Support Cordinator)

Contact details: email: lynda@camphill.ac.uk / Katrina.l@camphill.ac.uk tel 01924 255284 (ext 7322)

- **The Safeguarding Trustee is:** Jane Barry

Contact details: email: janebarry@icloud.com tel 07706 077071

- **Chair of Trustees is** Austin McIntyre

Contact details: email: osmcintyre@aol.com tel 07505433110

- **The Head of College**

Contact details: email: tel 01924 255281 (ext 240)

All staff have a responsibility for Safeguarding no matter what their role. These are outlined clearly in Keeping Children Safe in Education 2021 of which appropriate sections will be issued to all staff.

We will ensure that an appropriate **senior member** of staff, from college **leadership team**, is appointed to the role of designated safeguarding lead. The designated safeguarding lead will take **lead responsibility** for safeguarding and child protection (including online safety). This will be explicit in the role holder's job description. We recognise this role carries a significant level of responsibility and they will have the appropriate status and authority within the college to carry out the duties of the post. They will be given the time, funding, training, resources and support to provide advice and support to other staff on child welfare and child protection matters, to take part in strategy discussions and inter-agency meetings, and/or to support other staff to do so, and to contribute to the assessment of children.

Voice of the child / young person

We will always seek and record the voice of the child or young person and take this into consideration when taking decisions. However there may be circumstances where we override the students' wishes and feelings to act in their best interests.

Equality and Diversity

All members of the college staff and Trustee body will uphold the ethos of the Equality Act and any prejudicial related incidents will be recorded and actioned immediately.

Deputy designated safeguarding leads

Any deputies will be trained to the same standard as the designated safeguarding lead and the role will be explicit in their job description.

Whilst the activities of the designated safeguarding lead can be delegated to appropriately trained deputies, the ultimate **lead responsibility** for young person protection, as set out, remains with the designated

safeguarding lead, this **lead responsibility** should not be delegated.

Availability

During term time the designated safeguarding lead (or a deputy) will always be available (during college or college hours) for staff in the school or college to discuss any safeguarding concerns. Whilst generally we would hope that the DSL was available in person on occasion phone or skype etc may be appropriate. We will arrange adequate and appropriate DSL cover for any out of hours/out of term activities.

DSL responsibilities;

- Refer cases of suspected abuse to the local authority children's social care as required/ support staff who make referrals to local authority children's social care.
- Refer cases to the Channel programme where there is a radicalisation concern as required/support staff who make referrals to the Channel programme.
- Refer cases where a person is dismissed or left due to risk/harm to a child or young person to the Disclosure and Barring Service as required.
- Refer cases where a crime may have been committed to the Police as required. [2491596 C&YP schools guides.indd \(npcc.police.uk\)](#)
- Act as a source of support, advice and expertise for all staff
- Act as a point of contact with the three safeguarding partners
- Liaise with the Head of College to inform him or her of issues especially ongoing enquiries under section 47 of the Children Act 1989 and police investigations.
- As required, liaise with the "case manager" (as per Part four) and the LADO Local Authority Designated Officer(s) for child protection concerns in cases which concern a staff member.
- Liaise with staff (especially teachers, pastoral support staff, college nurses, IT Technicians, senior mental health leads and SENCOs or the named person with oversight for SEN in a college) on matters of safety and safeguarding (including online and digital safety) and when deciding whether to make a referral by liaising with relevant agencies so the needs are considered holistically.
- Liaise with the senior mental health lead and, where available, the Mental Health Support Team, where safeguarding concerns are linked to mental health;
- Promote supportive engagement with parents and/or carers in safeguarding and promoting the welfare of children and young people, including where families may be facing challenging circumstances;
- Work with the head and relevant strategic leads, taking lead responsibility for promoting educational outcomes by knowing the welfare, safeguarding and child protection issues that children and young people in need are experiencing, or have experienced, and identifying the impact that these issues might be having on students' attendance, engagement and achievement at school or college. This includes:

Ensure that college knows who its cohort of students who have or have had a social worker are, understanding their academic progress and attainment, and maintaining a culture of high aspirations for this cohort; and support teaching staff to provide additional academic support or reasonable adjustments to help children and young people who have or have had a social worker reach their potential, recognising that even when statutory social care intervention has ended, there is still a lasting impact on students' educational outcomes.

- The designated safeguarding lead is responsible for ensuring that child protection files are kept up to date. Information should be kept confidential and stored securely. It is good practice to keep concerns and referrals in a separate child protection file for each student. Records should include:
 - A clear and comprehensive summary of the concern
 - Details of how the concern was followed up and resolved;
 - A note of any action taken, decisions reached and the outcome.

They should ensure the file is only accessed by those who need to see it and where the file or content

within it is shared, this happens in line with information sharing advice as set out in Part one and Part two of KCSIE 21. Where a young person leaves college (including in year transfers) the designated safeguarding lead should ensure their child protection file is transferred to the new school or college as soon as possible, and **within 5 days** for an in-year transfer or within **the first 5 days** of the start of a new term. This should be transferred separately from the main student file, ensuring secure transit, and confirmation of receipt should be obtained. Receiving schools and colleges should ensure key staff such as designated safeguarding leads and SENCOs or the named person with oversight for SEN in colleges, are aware as required. Lack of information about their circumstances can impact on the child or young persons' safety, welfare and educational outcomes. In addition to the child protection file, the designated safeguarding lead should also consider if it would be appropriate to share any additional information with the new school or college in advance of a student leaving to help them put in place the right support to safeguard this young person and to help them thrive in the college. For example, information that would allow the new school or college to continue supporting young people who have had a social worker and been victims of abuse and have that support in place for when the student arrives.

The designated safeguarding lead should:

- Ensure each member of staff has access to, and understands, college's child protection policy and procedures, especially new and part-time staff.
- Ensure the college's young person protection policy is reviewed annually (as a minimum) and the procedures and implementation are updated and reviewed regularly, and work with governing bodies or proprietors regarding this.
- Ensure the young person protection policy is available publicly and parents are aware of the fact that referrals about suspected abuse or neglect may be made and the role of the school or college in this.
- Link with the safeguarding partner arrangements to make sure staff are aware of any training opportunities and the latest local policies on local safeguarding arrangements.
- Help promote educational outcomes by sharing the information about the welfare, safeguarding and child protection issues that children or young people who have or have had a social worker are experiencing with teachers and school and college leadership staff.

The designated safeguarding lead (and any deputies) should undergo training to provide them with the knowledge and skills required to carry out the role. This training should be updated at least every two years. The designated safeguarding lead should undertake Prevent awareness training. Training should provide designated safeguarding leads with a good understanding of their own role, how to identify, understand and respond to specific needs that can increase the vulnerability of children and young people, as well as specific harms that can put children and young people at risk, and the processes, procedures and responsibilities of other agencies, particularly children's social care, so they:

- Understand the assessment process for providing early help and statutory intervention, including local criteria for action and local authority children's social care referral arrangements.
- Have a working knowledge of how local authorities conduct a child protection case conference and a child protection review conference and be able to attend and contribute to these effectively when required to do so.
- Understand the importance of the role the designated safeguarding lead has in providing information and support to children and young peoples' social care in order to safeguard and promote the welfare of children and young people.
- Understand the lasting impact that adversity and trauma can have, including on children's behaviour, mental health and wellbeing, and what is needed in responding to this in promoting educational outcomes.
- Are alert to the specific needs of children and young people in need, those with special educational needs and disabilities (SEND), those with relevant health conditions and young carers.
- Understand the importance of information sharing, both within the school and college, and with the safeguarding partners, other agencies, organisations and practitioners.
- Understand and support the school or college with regards to the requirements of the Prevent duty and are able to provide advice and support to staff on protecting children and young people from the risk of radicalisation;
- Are able to understand the unique risks associated with online safety and be confident that they have the relevant knowledge and up to date capability required to keep children and young people safe whilst they are online at school or college.

- Can recognise the additional risks that children and young people with special educational needs and disabilities (SEND) face online, for example, from online bullying, grooming and radicalisation and are confident they have the capability to support children and young people with SEND to stay safe online;
- Obtain access to resources and attend any relevant or refresher training courses; and,
- Encourage a culture of listening to children and young people and taking account of their wishes and feelings, among all staff, in any measures the school or college may put in place to protect them. In addition to the formal training set out above, their knowledge and skills should be refreshed (this might be via e-bulletins, meeting other designated safeguarding leads, or simply taking time to read and digest safeguarding developments) at regular intervals, as required, and at least annually, to allow them to understand and keep up with any developments relevant to their role.

Training should support the designated safeguarding lead in developing expertise, so they can support and advise staff and help them feel confident on welfare, safeguarding and child protection matters. This includes specifically to:

- Ensure that staff are supported during the referrals processes; and
- Support staff to consider how safeguarding, welfare and educational outcomes are linked, including to inform the provision of academic and pastoral support.

It is important that young people feel heard and understood. Therefore, designated safeguarding leads should be supported in developing knowledge and skills to:

- Encourage a culture of listening to children and young people and taking account of their wishes and feelings, among all staff, and in any measures the school or college may put in place to protect them; and, understand the difficulties that children and young people may have in approaching staff about their circumstances and consider how to build trusted relationships which facilitate communication
- The critical importance of recording, holding, using and sharing information effectively is set out in Parts one, two and five of KSCIE, and therefore the designated safeguarding lead should be equipped to:
- Understand the importance of information sharing, both within the school and college, and with other schools and colleges on transfer including in-year and between primary and secondary education, and with the safeguarding partners, other agencies, organisations and practitioners;
- Understand relevant data protection legislation and regulations, especially the Data Protection Act 2018 and the UK General Data Protection Regulation (UK GDPR); and,
- Be able to keep detailed, accurate, secure written records of concerns and referrals and understand the purpose of this record-keeping

The Trustee Board and Head of College ensures that the College complies by addressing all aspects of Part 2 of KCSIE 2021.

4. Good Practice Guidelines and Staff Code of Conduct

To meet and maintain our responsibilities towards students we need to agree standards of good practice which form a code of conduct for all staff. Good practice includes:

- Treating all students with respect.
- Being alert to changes in students' behaviour and to signs of abuse and neglect.
- **Recognising that challenging behaviour may be an indicator of abuse.**
- Setting a good example by conducting ourselves appropriately, including online.
- Involving students in decisions that affect them.
- Encouraging positive, respectful and safe behaviour among students including challenging inappropriate, sexual or discriminatory language or behaviour.
- Avoiding behaviour or language which could be seen as favouring students.
- Avoiding any behaviour which could lead to suspicions of anything other than a professional relationship with students.

- Reading and understanding the College's child protection policy and guidance documents on wider safeguarding issues, for example bullying, behaviour, missing education and appropriate IT/social media use.
- Asking the students' permission before initiating physical contact, such as assisting with dressing, physical support during PE or administering first aid.
- Maintaining appropriate standards of conversation and interaction with and between students.
- Avoiding the use of sexualised or derogatory language, even in joke.
- Being clear on professional boundaries and conduct with other staff when students are present.
- Being aware that the personal, family circumstances and lifestyles of some students lead to an increased risk of abuse.
- Applying the use of reasonable force only as a last resort and in compliance with college procedures.
- Dealing with student infatuations in an open and transparent way e.g. informing the correct managers and managing the situation in a way which is sensitive to the feelings of the student.
- Referring all concerns about a students' safety and welfare to a DSL, or, if necessary directly to police or children's social care.
- Following the colleges' rules with regard to communication with students and use of social media and online networking.
- Avoiding unnecessary time alone with students and risk manage any time alone or 1:1 working.
- Avoiding sharing excessive personal information with students.

Transporting Students

- In general staff will not transport students in their own vehicles. If it is necessary staff will ensure they have business insurance, ensure student is in the back seat wearing a seatbelt and that other staff and parents are informed of departure and estimated arrival times.

All of our staff are regularly reminded of codes of conduct and safer working practice and aware of and follow:

Safer Working Practices in Education guidance 2019

<https://www.saferrecruitmentconsortium.org/>

5. Abuse of Position of Trust

All College staff are aware that inappropriate behaviour towards students is unacceptable and that their conduct towards students must be beyond reproach. Disciplinary and, in some cases, legal action can be taken if professional standards are not upheld.

In addition, staff should understand that, under the Sexual Offences Act 2003, it is an offence for a person over the age of 18 to have a sexual relationship with a person under the age of 18, where that person is in a position of trust, even if the relationship is consensual. This means that any sexual activity between a member of the college staff and a student may be a criminal offence, even if that student is over the age of consent.

Camphill Wakefield students are considered vulnerable young people/adults due to the nature of their needs/disability and therefore any relationship between staff/volunteers and students are unacceptable and may lead to criminal proceedings.

6. Children & Young People Who May Be Particularly Vulnerable

Some children and young people may have an increased risk of abuse. It is important to understand that this increase in risk is due more to societal attitudes and assumptions, and child protection procedures that fail to acknowledge children's diverse circumstances, rather than the individual child or young persons' personality, impairment or circumstances. Many factors can contribute to an increase in risk, including prejudice and discrimination, isolation, social exclusion, communication issues and reluctance on the part of some adults to accept that abuse can occur.

To ensure that all of our students receive equal protection, we will give special consideration to children and young people who are:

- Disabled or have special educational needs SEND.
- Young Carers.
- Young people who need a social worker.
- Young people in Care/ those recently returned to family from care.
- Children Missing Education CME and young people missing from college.
- Privately fostered.
- LGBT (lesbian gay bisexual trans)
- Asylum seekers.
- Living transient lifestyles.
- Do not have English as a first language.
- Affected by domestic abuse/substance misuse/drug use/parental mental health issues.
- Affected by mental health issues including self-harm and eating disorders.
- Affected by poor parenting.
- At risk of Fabricated or Induced Illness.
- At risk of gang and youth violence.
- Living away from home.
- Vulnerable to being bullied, or engaging in bullying including cyber, homophobic, racist etc.
- Missing from home or care.
- Living in chaotic and unsupportive home situations.
- Vulnerable to discrimination and maltreatment on the grounds of race, ethnicity, religion, disability or sexuality.
- Vulnerable to extremism or radicalisation.
- Vulnerable to faith abuse.
- Involved directly or indirectly in child sexual exploitation CSE,CCE or trafficking.
- At risk of Honour Based Violence/Abuse (HBV/A) including;
Female genital mutilation (FGM) ,forced marriage and breast ironing.

This list provides examples of additional vulnerable groups and is not exhaustive.

SEND Students

We know disabled young people are 3-4 times more likely to suffer abuse than those without disabilities and can be disproportionately impacted by bullying. Our staff are alert to this and do not ignore signs and indicators nor dismiss them as 'part of the disability'. Additional time and communication means will be in place to allow young people to communicate effectively with staff and extra consideration will be given if using restraint.

<https://www.gov.uk/government/publications/safeguarding-disabled-children-practice-guidance>

Wakefield SEND local offer;

<http://wakefield.mylocaloffer.org/Home>

7. Emotional Health and Wellbeing

Mental health is a state of well-being in which every individual realises his or her own potential, can cope with the normal stresses of life, can work productively and fruitfully, and is able to make a contribution to her or his community. (World Health Organization)

In an average classroom 5 students will be suffering from a diagnosable mental health condition. All staff are aware that mental health problems can, in some cases, be an indicator that a child or young person has suffered or is suffering abuse. Only appropriately trained professionals can diagnose mental health problems but staff in college are well placed to identify behaviour that may suggest an issue. If staff have concerns about the mental health of a student they will speak to relevant staff within the college including, if necessary, the DSL. If a student presents with a medical emergency then this is actioned immediately. Where a CAMHS referral is necessary then Lynda Abrahams will action this.

Our mental health lead is our Support Coordinator & Senior Support.

If individual care plans are required this should be drawn up involving the student, the parents and relevant health professionals. This can include:

- Details of a students' condition.
- Special requirements and precautions.
- Medication and any side effects.
- What to do and who to contact in an emergency.
- The role the college can play.

We understand the impact that the global pandemic of coronavirus will have on our staff and students. At our college, we aim to promote positive mental health for every member of our staff and student body as well as respond to mental ill health. We will ensure emotional support is provided especially during stressful time e.g. exams.

Possible warning signs of mental health issues can include:

- Physical signs of harm that are repeated or appear non-accidental
- Changes in eating or sleeping habits
- Increased isolation from friends or family, becoming socially withdrawn
- Changes in activity and mood
- Lowering of academic achievement
- Talking or joking about self-harm or suicide
- Abusing drugs or alcohol
- Expressing feelings of failure, uselessness or loss of hope
- Changes in clothing – e.g. long sleeves in warm weather
- Secretive behaviour
- Skipping PE or getting changed secretly
- Lateness to or absence from college
- Repeated physical pain or nausea with no evident cause
- An increase in lateness or absenteeism

We understand that taking a listening and empathetic approach is important when talking to students about their mental health issues. This can sometimes be what is initially needed by the student rather than advice or direction. If there are any safeguarding concerns discussion with the DSL will take place.

We do this by;

Regular tutorials for students with SEND. Tutors, effective support from our education and senior support workers.

All students have personal, social and health education as part of their study programme and personal relationships education.

Students are encouraged to access local support via WF-I-Can website.

<https://wf-i-can.co.uk/>

We use Wakefield Resilience framework to build resilience in our students.

<https://www.riskandresilience.org.uk/>

Suicide

We recognise that suicide is one of the biggest killers of children and young people in the UK. We are working towards the national guidance document 'Building a Suicide Safer College' by Papyrus; advice on policy, prevention, postvention etc.

<https://papyrus-uk.org/wp-content/uploads/2018/10/400734-Schools-guide-PAPYRUS.pdf>

We have issued all of our staff with Wakefield Public Health 'Supporting a young person with suicidal thoughts'. Which provides staff with practical tips on how to talk to young people about suicide. [Supporting a child or young person with stress, depression or suicidal thoughts - Wakefield Council](#)

Local support can be found;

<http://www.wakefield.gov.uk/health-care-and-advice/public-health/mental-health-wellbeing/childrens-mental-health>

Samaritans step by step guide responding to a suicide;

<https://www.samaritans.org/how-we-can-help/schools/step-step/step-step-resources/>

If a serious incidents happens involving one of our students we will immediately inform the Local Authority by contacting social care/MASH.

Managing a sudden death in the college community; [Rebuilding Lives Together \(lgfl.org.uk\)](#)

8. Sexual Violence and Sexual Harassment (SVSH) & other Current Issues

There are many issues of concern affecting children and young people today and not all can be listed here. For a guidance list, see Part 1 and Annex B in Keeping Children Safe in Education. The issues are often complex and overlap. For resources on a wide range of safeguarding topics locally

<https://www.wakefieldscp.org.uk/education/>

We will have a consistent approach of following a robust sequential RSHE program, following our procedures and consulting with other agencies if there are any concerns with any of our students.

When to report to police the following guidance will be followed;

<https://www.npcc.police.uk/documents/Children%20and%20Young%20people/When%20to%20call%20the%20police%20guidance%20for%20schools%20and%20colleges.pdf>

Online safety is exceptionally important and will continue to receive a high priority as an issue, as it is often how issues are facilitated such as sexual harassment, CCE, CSE, radicalisation, bullying etc. Appropriate filters and monitoring are in place, as well as education of staff and students. See later section.

Peer on Peer/Child on Child Abuse – sharing nudes & semi nudes/bullying/racism/sexual assaults/physical assault/hazing or initiating

Peer on peer or child on child abuse, will always be taken seriously and swiftly acted upon, under the appropriate policy e.g. safeguarding, behaviour, bullying and a risk assessment completed as required. Students will be encouraged to report any concerns freely.

It will not be dismissed as 'banter' or 'part of growing up'. These issues will be part of PSHE /RSHE lessons and discussions. Victims will be supported through the college's pastoral system and external agencies if required.

Sexual Violence and Harassment Sexual violence and sexual harassment can occur between two children and young people of any age and sex, from primary through to secondary stage and into colleges. It can occur through a group of children or young people sexually assaulting or sexually harassing a single child / young person or group of children / young people. Sexual violence and sexual harassment exist on a continuum and may overlap; they can occur online and face to face (both physically and verbally) and are never acceptable.

Like with all safeguarding issues our staff will recognise that 'it could happen here' and be vigilant to signs and indicators that a student could be suffering.

Addressing inappropriate behaviour (even if it appears to be relatively innocuous) can be an important intervention that helps prevent problematic, abusive and/or violent behaviour in the future. Girls are especially vulnerable to this type of abuse.

Sexual Violence includes rape, assault by penetration and sexual assault.

Sexual Harassment is unwanted conduct of a sexual nature and can include lewd comments/sexual jokes, physical behaviour e.g. showing sexual pictures, deliberately touching/brushing up against someone, online sexual harassment, upskirting.

We will;

- Never tolerate or normalise this behaviour and are very clear it is not an inevitable part of growing up.
- Not tolerate or dismiss sexual violence or sexual harassment as "banter", "part of growing up", "just having a laugh" or "boys being boys".
- Challenge behaviour (potentially criminal in nature), such as grabbing bottoms, breasts and genitalia and flicking bras/pulling down trousers and lifting up skirts.
- Understand that all of the above can be driven by wider societal factors beyond the school and college, such as everyday sexist stereotypes and everyday sexist language.
- Ensure this is addressed through our sequential RSHE program.
- Ensure all incidents are recorded and acted upon swiftly.

Consent is about having the freedom and capacity to choose. Consent can be withdrawn at any time.

We recognise children and young people with Special Educational Needs and Disabilities (SEND) are three times more likely to be abused than their peers. Additional barriers can sometimes exist when recognising abuse in SEND children and young people. These can include:

- Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the persons' disability without further exploration.
- The potential for children or young people with SEND being disproportionately impacted by behaviours such as bullying and harassment, without outwardly showing any signs.

- Communication barriers and difficulties overcoming these barriers.

Therefore any reports of abuse involving children or young people with SEND will involve liaison with the Designated Safeguarding Lead (or deputy) and the SENCO

Children or young people who are lesbian, gay, bi, or trans (LGBT) can be targeted by their peers. In some cases, a child or young person who is perceived by their peers to be LGBT (whether they are or not) can be just as vulnerable as children or young people who identify as LGBT.

We will follow outlined guidance and risk assessment on any cases of sexual violence and harassment between our students.

<https://www.gov.uk/government/publications/sexual-violence-and-sexual-harassment-between-children-in-schools-and-colleges>

Part 5 of Keeping Children Safe in Education.

Victim's will never be blamed or made to feel ashamed for coming forward. We will ensure support for the alleged perpetrator as well as the alleged victim throughout the process. Support can run alongside any sanctions for perpetrator as we realise perpetrators may be victims themselves.

We will seek advice from other agencies such as police or social care if the case is above early help or internal management.

Any incidents of sexual violence will be reported to police.

Students are encouraged to report any incidents ideally to their senior support or DSL, however students may feel comfortable coming forward to another member of staff. Camphill Wakefield supports this, and will advise the student that what has been disclosed will need to be documented and it will need to be reported to the relevant people.

Sexual Assault Referral Centre SARC;

<https://www.hazlehurstcentre.org/>

See victim support services in Wakefield (on webpage).

In April 2021 in response to 'Everyone's Invited' website testimonies the NSPCC set up a Report Abuse in Education Helpline 0800 136 663. For children/adults/professionals and parents.

Upskirting

Upskirting is a term used to describe the act of taking a sexually intrusive photograph under a persons' clothing without their permission/knowledge with the intention of viewing to obtain sexual gratification or to cause the victim humiliation, distress or alarm. This is a criminal offence. We will take police advice on any cases of this in college.

Sharing Nudes and Semi Nudes (previously known as Sexting/Youth Produced Sexual Imagery)

This is defined as the sending or posting of nude or semi-nude images, videos or live streams online by young people under the age of 18. This could be via social media, gaming platforms, chat apps or forums. It could also involve sharing between devices via services like Apple's AirDrop which works offline. Alternative terms used by children and young people may include 'dick pics' or 'pics'. The motivations for taking and sharing nude and semi-nude images, videos and live streams are not always sexually or criminally motivated.

This advice does not apply to adults sharing nudes or semi-nudes of under 18-year olds. This is a form of child sexual abuse and must be referred to the police as a matter of urgency. Nor does it apply to children or young people sharing adult pornography, which depending on its nature and other circumstances, may be handled through the colleges behaviour policy.

college will follow the below guidance to define (aggravated or experimental), risk assess and respond to any incident; and staff will avoid viewing, saving or forwarding any images or videos. Agencies such as police and social care will be involved if required.

The incident will be referred to DSL ASAP.

DSL team will hold an initial review meeting.

Children or young people involved will be spoken to.

Parents will be informed to support child or young person (unless this places them at risk).

Referral made to other agencies if necessary.

Sharing nudes and semi nudes guidance for school/college [Sharing nudes and semi-nudes: advice for education settings working with children and young people - GOV.UK \(www.gov.uk\)](#)

Searching screening and confiscation guidance for schools;

<https://www.gov.uk/government/publications/searching-screening-and-confiscation>

Children with Harmful Sexual Behaviour HSB/Wakefield HSB panel

Research suggests that up to 40 per cent of child sexual abuse is committed by someone under the age of 18.

Harmful sexual behaviour (HSB) is developmentally inappropriate sexual behaviour which is displayed by children and young people and which may be harmful or abusive (derived from Hackett, 2014). It may also be referred to as sexually harmful behaviour or sexualised behaviour.

HSB encompasses a range of behaviour, which can be displayed towards younger children, peers, older children or adults. It is harmful to the children and young people who display it, as well as the people it is directed towards

The management of children and young people with sexually harmful behaviour is complex and the college will work with other agencies to risk assess and maintain the safety of the whole college community. Young people who display such behaviour may be victims of abuse themselves and the child protection procedures will be followed for both victim and perpetrator. Staff who become concerned about a students' sexual behaviour should speak to a DSL as soon as possible. We will consider the Brook Traffic Light tool when making judgements. This is available to staff from reception.

Wakefield HSB panel

The support offered by this panel will be accessed via MASH if necessary. This will ensure a coordinated response for perpetrator as well as victim.

Panel members include;

Police

Social care

Forensic CAMHS

<https://www.southwestyorkshire.nhs.uk/services/forensic-child-and-adolescent-mental-health-services-camhs/>

Bullying

Is usually defined as behaviour that is:

- Repeated.
- Intended to hurt someone either physically or emotionally.
- Where there is an imbalance of power.
- Is a very serious issue that can cause considerable anxiety and distress.
- At its most serious level, bullying can have a disastrous effect on a child or young persons' wellbeing and in very rare cases has been a feature in the suicide of some young people.

<https://www.gov.uk/government/publications/preventing-and-tackling-bullying>

For info on sexual and sexist bullying;

[Sexual and sexist bullying \(anti-bullyingalliance.org.uk\)](http://sexualandsexistbullying.org.uk)

All incidences of bullying, including cyber-bullying, sexual bullying and prejudice-based bullying will be recorded and reported and will be managed through our behaviour and tackling-bullying procedures. All students and parents receive a copy of the procedures on joining the college and the subject of bullying is addressed at regular intervals in PSHE/RSHE education. If the bullying is particularly serious, or the tackling bullying procedures are deemed to be ineffective, the Principal and the DSL's will consider implementing young person protection procedures.

Bullying incidents including discriminatory and prejudicial behaviour e.g. sexual, racist, disability and homophobic bullying and use of derogatory language will be recorded, analysed and swiftly responded to.

[Anti Bullying Policy - Camphill Wakefield](#)

<https://www.childnet.com/resources/cyberbullying-guidance-for-schools>

Contextual Safeguarding/ Extra Familial abuse

Contextual Safeguarding/Extra Familial abuse is an approach to understanding, and responding to, young people's experiences of significant harm beyond their families. It recognizes that the different relationships that young people form in their neighborhoods, colleges and online can feature violence and abuse. Parents and carers have little influence over these contexts, and young people's experiences of extra-familial abuse can undermine parent-child relationships. Extra Familial abuse, therefore, expands the objectives of child protection systems in recognition that young people are vulnerable to abuse in a range of social contexts. For example online safety, drug use, CCE, CSE, Mental Health issues, knife crime. Radicalization.

Contextual Safeguarding Network

<https://contextualsafeguarding.org.uk/>

Hate Crime

Any hate crime/incident will be reported through local reporting mechanisms – Hate Crime/incident is any behavior that anyone thinks was caused by hatred of:

Race, sexual orientation, gender identification, disability, religion or faith

A hate crime could be name calling, arson/fire, attacks or violence, damage such as to your house or car, graffiti or writing. Police will be involved if necessary.

Prejudice Related Incidents

This college is opposed to all forms of prejudice and any incidents of prejudice will be addressed immediately under the appropriate policy. Advice will be sought from other agencies if appropriate.

Children Missing Education CME – At Camphill Wakefield, our students are post 16

CME is defined as children of compulsory college age who are not registered students at a college and are not receiving suitable education otherwise that at college e.g. home schooling. However at any stage any child or young person going missing from college, which includes within the college day, is a potential indicator of abuse and neglect, including exploitation, mental health concerns, risk of forced marriage etc. Unauthorised absences will be monitored and followed up in line with procedures, particularly where children or young people go missing on repeated occasions. All staff will be aware of the signs of risk and individual triggers including travelling to conflict zones, FGM and forced marriage.

All students will be placed and removed from admission and attendance registers as required by law.

We will collect, where possible, more than one emergency contact number for each student.

We will inform the local authority of any young person removed from our admission register. We will inform the local authority of any student who fails to attend for a continuous period in line with local Wakefield procedures. Missing Officer – details in appendix.

Local procedures;

<http://www.wakefield.gov.uk/schools-and-children/supporting-families/education-welfare-service/children-missing-education>

Child Sexual Exploitation CSE

CSE is a form of sexual abuse. It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person (male or female) into sexual activity (a) in exchange for something the victim wants or needs, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. CSE does not always involve physical contact; it can occur through the use of technology. CSE can affect 16 and 17 year olds who can legally consent to have sex. It includes contact and non-contact sexual activity e.g. copying images and posting on social media.

This is a serious crime and is never the victim's fault even if there is some form of exchange. Staff will be careful to use appropriate language that does not victim blame;

[Appropriate language: Child sexual and/or criminal exploitation guidance for professionals - Tackling Child Exploitation \(researchinpractice.org.uk\)](#)

The police team can be contacted for extra support and information. (details in appendix) NB they do not take the place of your usual reporting procedures.

<https://www.gov.uk/government/publications/child-sexual-exploitation-definition-and-guide-for-practitioners>

Child Criminal Exploitation CCE / County Lines

In a similar way to sexual exploitation CCE is when there is a power imbalance where children or young people are used by individuals or gangs to take part in criminal activity, this can include drug running, stealing, threatening other young people etc. The child or young person often believes they are in control of the situation. High levels of violence, coercion and intimidation are common. Staff will be careful to not use language that blames the victim – see above guidance.

County lines is a term used to describe gangs supplying drugs to suburban areas and market and coastal towns using dedicated mobile phone lines or “deal lines”. It involves child criminal exploitation (CCE) as gangs use children and vulnerable people to move and store drugs and money. Gangs establish a base in the market location, typically by taking over the homes of local vulnerable adults by force or coercion in a practice referred to as ‘cuckooing’.

County lines is a major, cross-cutting issue involving drugs, violence, gangs, safeguarding, criminal and sexual exploitation, modern slavery, and missing persons; and the response to tackle it involves the police, the National Crime Agency, a wide range of Government departments, local government agencies and VCS (voluntary and community sector) organisations. County lines activity and the associated violence, drug dealing and exploitation have a devastating impact on young people, vulnerable adults and local communities.

<https://www.gov.uk/government/publications/criminal-exploitation-of-children-and-vulnerable-adults-county-lines>

Serious Violence

Staff will look out for signs that indicate that a student may be at risk of or involved in serious crime, including criminal networks or gangs and follow the appropriate referral pathways for help and support.

Practical advice for schools/colleges;

Searching screening and confiscation guidance for schools

<https://www.gov.uk/government/publications/searching-screening-and-confiscation>

Domestic Abuse

This does not have to include violence to be classed as abuse.

Any incident or pattern of incidents of controlling, coercive, threatening behaviour, violence or abuse between those aged 16 or over who are, or have been, intimate partners or family members regardless of gender or sexuality. The abuse can encompass, but is not limited to:

- psychological
- physical
- sexual
- financial
- emotional

1:4 women and 1:6 men will experience Domestic abuse at some time in their lifetime. We will be mindful of the abusive affect this has on children and young people, even when they are not directly involved in incidents and that our staff may themselves be victims.

This college is taking part in Operation Encompass. Where we receive information, the next day, if police have been called out to a domestic abuse incident and any of our students were present. The purpose of this information sharing is to make the next day better for the child or young person.

<http://www.operationencompass.org/>

<http://www.wakefield.gov.uk/health-care-and-advice/adults-and-older-people-services/domestic-abuse>

Resources for children
<http://thehideout.org.uk/>

Parental Conflict advice website;
<https://relationshipmatters.org.uk/>

Honour Based Violence/Abuse HBV/A – e.g. FGM/Forced Marriage/Breast Ironing.

Female Genital Mutilation FGM

This is illegal and a form of child abuse. It involves a procedure to remove all or some of the female genitalia or any other injury to these organs. Staff will be aware of the signs and indicators of this and their legal duty to report **known** cases on under 18's to the police. Reporting form is available on the wscp website – education- templates.

Multi agency guidelines;

<https://www.gov.uk/government/publications/multi-agency-statutory-guidance-on-female-genital-mutilation>

<http://nationalfgmcentre.org.uk/wp-content/uploads/2019/06/FGM-Schools-Guidance-National-FGM-Centre.pdf>

Forced Marriage

Is illegal and a form of child abuse. A marriage entered into without the full and free consent of one or both parties, where violence, threats or coercion is used.

Multi agency guidelines;

<https://www.gov.uk/government/publications/handling-cases-of-forced-marriage-multi-agency-practice-guidelines-english>

National Charity – Karma Nirvana;

<https://karmanirvana.org.uk/>

Breast ironing, also known as **breast** flattening, is the pounding and massaging of a pubescent girl's breasts, using hard or heated objects, to try to make them stop developing or disappear.

Preventing Radicalisation

This is part of our wider safeguarding duty. We recognise that college plays a significant part in the prevention of this type of harm. We will include education through our PSHE/RSHE curriculum and encourage 'British Values' and critical thinking.

We are aware extremism spans many topics including misogynistic e.g. Incel. However in Wakefield right wing extremism is most common.

An incel, an abbreviation of "involuntary celibate", is a member of an online subculture of people who define themselves as unable to find a romantic or sexual partner despite desiring one. Discussions in incel forums are often characterised by resentment and hatred, misogyny, misanthropy, self-pity and self-loathing, racism, a sense of entitlement to sex, and the endorsement of violence against women and sexually active people.

We will intervene where possible to prevent vulnerable children and young people being radicalised. The internet has become a major factor in radicalisation and recruitment.

Extremism – vocal or active opposition to our fundamental values, including democracy, rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs. This also includes calling for the death of members of the armed forces.

Radicalisation – refers to the process by which a person comes to support terrorism and extremist ideologies associated with terrorist groups.

Terrorism – an action that endangers or causes serious violence to a person/people; causes serious damage to property; or seriously interferes or disrupts an electronic system. The use or threat must be designed to influence the government or to intimidate the public and is made for the purpose of advancing a political, religious or ideological cause.

As with all other forms of abuse, staff should be confident in identifying students at risk and act proportionately.

We will work with other partners including the Channel Panel – a voluntary confidential support program for those who are considered vulnerable to being drawn into terrorism.

The DSL team is appropriately trained and be able to offer advice, support and information to other staff.

We will ensure safe internet filters are in place and ensure our students are educated in online safety.

Prevent police officer in Wakefield – details in appendix.

Private Fostering

A private fostering arrangement is one that is made privately (without the involvement of a local authority) for the care of a child under the age of 16 years (under 18, if disabled) by someone other than a parent or close relative, in their own home, with the intention that it should last for 28 days or more. (*Close family relative is defined as a 'grandparent, brother, sister, uncle or aunt' and includes half-siblings and step-parents; it does NOT include great-aunts or uncles, great grandparents or cousins.)

The college will follow the legal requirements of reporting to the Local Authority as set out by WSCP.

<http://www.wakefield.gov.uk/Documents/schools-children/fostering/private-fostering.pdf>

Homelessness

9. Online Safety

Many of our students will use mobile phones, tablets and computers on a daily basis. They are a source of fun, entertainment, communication and education. However, we know that some adults and young people will use these technologies to harm children or other young people. The harm might range from sending hurtful or abusive communications, to enticing children or vulnerable people to engage in sexually harmful conversations, webcam photography, encouraging radicalisation or face-to-face meetings. The colleges' **online safety policy** explains how we aim to keep students safe in college which includes reasonable filters and monitoring. Cyberbullying and sharing nudes and semi nudes by students, via texts and emails, will be treated as seriously as any other type of bullying and in the absence of a child protection concern will be managed through our anti-bullying and confiscation procedures.

Chatrooms and some social networking sites are the more obvious sources of inappropriate and harmful behaviour and students are not allowed to access these sites in college. Some students will undoubtedly be 'chatting' outside college and are informed of the risks of this through PSHE/RSHE. Parents are encouraged to consider measures to keep their young people safe when using social media.

The breadth of issues classified within online safety is considerable, but can be categorised into three areas of risk:

- **Content:** being exposed to illegal, inappropriate or harmful material; for example pornography, fake news, racism, misogyny, self-harm, suicide, anti-Semitism or radical and extremist views;
- **Contact:** being subjected to harmful online interaction with other users; for example peer on peer pressure, commercial advertising as well as adults posing as children or young adults with the intention to groom and exploit them for financial, criminal, sexual or other purposes.
- **Conduct:** personal online behaviour that increases the likelihood of, or causes, harm; for example making, sending and receiving explicit images (consensual and non-consensual sharing of nudes and semi nudes and 'or pornography, or online bullying and
- **Commerce.** Risks such as online gambling, inappropriate advertising, phishing or other financial scams.

Students will be educated in online safety, and regularly reminded, as an ongoing part of our curriculum.

Acceptable IT use for staff and students will be enforced and parents are also informed of expectations.

We have self-assessed our colleges' online safety provision using [Online Safety Self-Review Tool for Schools | 360safe | 360safe](#)

If we use any external speaker to add to our curriculum we will ensure we follow the below advice and checklist;

<https://www.gov.uk/government/publications/using-external-visitors-to-support-online-safety-education-guidance-for-educational-settings>

We will not respond to individual apps or challenges which may occur, so as not to give more attention to the publicity, but will simply reiterate our basic online safety messages as and when required.

[Harmful online challenges and online hoaxes - GOV.UK \(www.gov.uk\)](#)

To protect students from mobile technology accessing 3G, 4G and 5G we will have a ban on mobile phones whilst in college sessions. Reference to individual technology use may also be made in students behaviour plans/EHCP.

See above section for Sharing Nudes and Semi Nudes.

10. Helping Young People to Keep Themselves Safe/RSHE

Young people are taught to understand relationships, respect and promote British values and respond to and calculate risk through our personal, social, health and economic (PSHE) Relationships and Sex Education and Health Education (RSHE) lessons and in all aspects of college life. We will have a consistent approach of following a robust sequential RSHE program. Included in this is the knowledge they need to recognise and to report abuse whilst being clear that it is never the fault of the young person who is abused and that victim blaming is always wrong.

Our approach is designed to help young people to think about risks they may encounter both on and off line and have help to work out how those risks might be overcome and the support available to them. Discussions about relationships and risk are empowering and enabling for all young people and promote sensible behaviour rather than fear or anxiety. Young people are taught how to conduct themselves and how to behave in a responsible manner. Young people are also reminded regularly about consent, online safety, including sharing nudes/semi nudes and bullying procedures including the legalities and consequences and where to go for help. We mark anti bullying week, children mental health week, internet safety day etc.

The college continually promotes an ethos of respect for young people and the emotional health and wellbeing of our students is important to us. Students are encouraged to speak to a member of staff in confidence about any worries they may have. Students also have access to a wide range of support both on and off line.

However all our students are aware that if they disclose that they are being harmed or that they have, or intend, to harm another that this cannot be kept secret and that information will need to be shared.

We will follow the guidance on RSHE education.

<https://www.gov.uk/government/publications/sex-and-relationship-education>

We acknowledge and sign up to Wakefield's Young Peoples Charter and actively promote this across college.

<https://www.wakefieldscp.org.uk/children-and-young-people/young-peoples-charter/>

We use Wakefield Resilience framework to build resilience in our students.

<https://www.riskandresilience.org.uk/>

11. Support for Those Involved in a Child Protection Issue

Child abuse is devastating for the child or young person and can also result in distress and anxiety for staff who become involved.

We will support students, their families, and staff by:

- Taking all suspicions and disclosures / allegations seriously.
- Nominating a link person (*DSL*) who will keep all parties informed and be the central point of contact.
- Where a member of staff is the subject of an allegation made by a student, a separate link person will be nominated to avoid any conflict of interest.
- Responding sympathetically to any request from students or staff for time out to deal with distress or anxiety.
- Maintaining confidentiality and sharing information on a need-to-know basis only with relevant individuals and agencies.
- Maintaining and storing records securely.
- Offering details of helplines, counselling or other avenues of external support.
- Following the procedures laid down in our whistleblowing, complaints and disciplinary procedures.
- Cooperating fully with relevant statutory agencies.

12. Complaints Procedure

Our complaints procedure will be followed where a student or parent raises a concern about poor practice towards a student that initially does not reach the threshold for child protection action. Poor practice examples include unfairly singling out a student, belittling a student or discriminating against them in some way. Complaints are managed by senior staff, the Head of College and Trustees. An explanation of the complaints procedure is included [Student Policies - Camphill Wakefield](#) – complaints policy can be downloaded here.

Complaints from staff are dealt with under the colleges' complaints and disciplinary and grievance procedures.

All complaints and concerns will be recorded.

13. If you have Concerns about a Colleague or Safeguarding Practice

Staff who are concerned about the conduct of a colleague or safeguarding practice within the college are undoubtedly placed in a very difficult situation.

All staff must remember that the welfare of the young person is paramount and staff should feel able to report all concerns, no matter how small, about a colleague or the safeguarding practice within the college. The colleges' whistleblowing code can be found in [Policy Downloads - Camphill Wakefield](#) – Child Protection and Safe Guarding Policy. This enables staff to raise concerns or allegations in confidence and for a sensitive enquiry to take place, the NSPCC contact information can be found at the bottom of the document.

All concerns of poor practice or possible child or young person abuse by colleagues should be reported immediately to the Principal. Complaints about the Principal should be reported to the chair of governors.

Staff may also report their concerns directly to the LADO or the police if they believe direct reporting is necessary to secure action or to the NSPCC whistleblowing helpline – see appendix.

All concerns will be recorded.

14. Allegations Against Staff

When an allegation is made against a member of staff, including supply staff and volunteers, set procedures must be followed. See Keeping Children Safe in Education Part 4. It is important to have a culture of openness and transparency and a consultation with the LADO will happen if staff have;

- Behaved in a way which has harmed, or may have harmed a child or young person.
- Possibly committed a criminal offence against or related to a child or young person.
- Behaved towards a child or children in a way that indicates they would pose a risk of harm to children or young people.
- **Behaved or may have behaved in a way that indicates they may not be suitable to work with children or vulnerable people.**

We will also robustly record any low level concerns that may not reach the above thresholds.

Case Managers.

Allegations against staff should be immediately reported to the Headteacher. Allegations against the Headteacher should be reported to the Chair of Governors. Staff may also report their concerns directly to Police or LADO or NSPCC Whistle blowing helpline if they believe direct reporting is necessary to secure action.

The Principal should do an urgent initial consideration in order to establish if there is substance to the allegation, the head teacher should not carry out any investigation until consultation with the LADO. Full and accurate records will be made at every stage.

Referrals must be made to the LADO within one working day. Case managers may then be invited to a meeting coordinated by the LADO.

Depending on outcomes of investigations it may be necessary to report to the DBS/Teaching Regulation Agency as per guidance.

It is rare for a young person to make an entirely false or malicious allegation, although misunderstandings and misinterpretations of events do happen. We recognise that a young person may also make an allegation against an innocent party because they are too afraid to name the real perpetrator. However if a child or young person is found to continually make false allegations this may be a sign of mental health issues and a referral to services such as CAMHS may be required.

An uncomfortable fact is that some professionals do pose a serious risk to students and we must act on every allegation. However staff who are the subject of an allegation have the right to have their case dealt with fairly, quickly and consistently and to be kept informed of its progress. Suspension is *not* the default option and alternatives to suspension will always be considered. In some cases, staff may be suspended where this is deemed to be the best way to ensure that children and young people are

protected. Staff will be advised to contact their trade union and will also be given access to a named representative.

The full procedures for dealing with allegations against staff, including supply staff, can be found in *Keeping Children Safe in Education* part 4.

Staff, parents and Trustees are reminded that publication of material that may lead to the identification of a teacher who is the subject of an allegation is prohibited by law. Publication includes verbal conversations or writing, including content placed on social media sites. We will communicate this to all parties.

Safer Working Practice training is undertaken every 2 years to remind staff of code of conduct and behaviour expectations.

15. Staff Training and Induction

It is important that all staff, including temporary and volunteers, have regular training to enable them to recognise the possible signs of abuse and neglect and to know what to do if they have a concern, including Early Help and whistleblowing. All staff, including site staff and the Principal, will be regularly trained in Safeguarding and given at least annual updates in the form of email/newsletters/staff meetings. WSCP advice is that all college staff receive Education specific basic refresher training once every 2 years. Alongside Safer working Practice Training every 2 years.

Staff are trained to seek and record the voice of the young person and take this into consideration when taking decisions. However there may be circumstances where we override the students wishes and feelings to act in their best interests e.g. in case of CSE where, as a result of perpetrator grooming, the student does not want any intervention.

Our staff are trained in ACEs Adverse Childhood Experiences, they understand and aim to work towards trauma informed practice.

All of our staff are aware of and trained in the following;
Safer Working Practices in Education guidance 2019
<https://www.saferrecruitmentconsortium.org/>

DSL's will receive face to face training updated every two years. They must also do Prevent training. All DSL's are strongly recommended to also attend the multi-agency Working Together Training – A Shared Responsibility.

DSL's will be supported and encouraged to attend additional training to keep up to date, including DSL forums, sign up to WSCP E-bulletin and other multi-agency training offered by WSCP and the Safeguarding Advisor. Specifically they are encouraged to attend specific Domestic Abuse training, before signing up to Operation Encompass, and specific Online Safety training. For further info on free face to face or recorded courses see <https://www.wakefieldscp.org.uk/education/training-schools-colleges/>

Trustees will receive strategic governor safeguarding training.

Principal and Chair of Trustees are encouraged to undertake managing allegations against staff training.

All training will be recorded, including sign in sheets, and monitored to flag in advance when updates are required. Any training done by third party or independent providers must reflect local protocols and training minimum standards.

The booklet 'What to do if you're worried a child is being abused' 2015 and Part One & Annex B of Keeping Children Safe in Education. This can be found on the staff noticeboard, opposite the Finance Office.

New staff and Trustees will receive an induction in safeguarding which includes the college young person protection policy, details of the DSL's and their role, reporting and recording arrangements specific to the

college, dates of their last training, the staff code of conduct, CME and behaviour policy and the whistleblowing policy. **Staff will sign to say they have received this and understood.**

Supply staff and other visitors in contact with students will be given the colleges' with a brief summary of the above.

16. Safer Recruitment

Our college endeavours to ensure that we do our utmost to employ 'safe' staff by following the guidance in Keeping Children Safe in Education together with WSCP and the colleges' individual procedures.

Recruitment, selection and pre-employment vetting is carried out in accordance with Keeping Children Safe in Education – Part 3. Including;

- Recruitment and selection process
- Pre-appointment and vetting checks
- Other checks that may be necessary
- How to ensure ongoing safeguarding

References will be sought before interview so any concerns can be explored. Under GDPR we will not keep DBS certificates.

At least one member of each recruitment panel will have attended safer recruitment training.

The Single Central Record is maintained in accordance with Keeping Children Safe in Education Part 3. We will obtain written confirmation from supply agencies that **agency and third party staff** have been appropriately checked and trained and ensure the correct person arrives in college.

Volunteers

Volunteers, including trustees will undergo checks commensurate with their work in the college and contact with students i.e. if they are in regulated activity or not and this will be recorded.

Contractors

We will check the identity of all contractors working on site and request evidence of checks where they work in regulated activity or unsupervised.

Visitors

If they work in regulated activity we will request identification when they visit and written evidence from their employer that all relevant checks have been carried out. The Principal will use their professional judgement regarding escorting visitors in the college. All visitors will be asked to wear a badge identifying them as a visitor.

Supply staff and other visiting staff will be given the colleges' leaflet.

17. Site Security

Visitors to the college are asked to sign in, if necessary show ID, and are given a badge, which confirms they have permission to be on site. All visitors will be issued with a leaflet informing them of who the DSL's are, the code of conduct expected and what to do if they have a safeguarding concern. Parents who are simply delivering or collecting their children do not need to sign in. All visitors are expected to enter through one entrance and observe the colleges' safeguarding and health and safety regulations to ensure young people in college are kept safe. The Principal will exercise professional judgement in determining whether any visitor should be escorted or supervised while on site. All staff are expected to clearly wear their ID badges whilst on site.

18. Extended College and Off-Site Arrangements

Where extended college activities are provided by and managed by the college, our own young person

protection policy and procedures apply and a DSL will be available. If other organisations provide services or activities on our site we will check that they have appropriate procedures in place, including safer recruitment procedures and clarify whose procedure is to be followed if there are concerns. There will be clear communication channels to ensure the DSL is kept appropriately informed.

[Keeping children safe in out-of-college settings: code of practice - GOV.UK \(www.gov.uk\)](https://www.gov.uk/government/publications/keeping-children-safe-in-out-of-college-settings-code-of-practice)

When our students attend off-site activities, including day and residential visits and work related activities, we will risk assess and check that effective child protection arrangements are in place. We will clarify whose procedures are to be followed, with the DSL kept appropriately informed. **If external staff have regular contact with our students they will be asked to sign up to the colleges' code of conduct to ensure clarity of expectations e.g. mobile phone use and social media restrictions.**

Alternative Provision

We will obtain written confirmation from any alternative provision that all relevant checks have been carried out as we would with our own staff. We will share any risk assessments and safeguarding issues where relevant and will regularly visit the provision and our students. We will ensure they have effective safeguarding in place and keep the DSL appropriately informed.

19. Photography and Images

The vast majority of people who take or view photographs or videos of young people do so for entirely innocent and acceptable reasons. Sadly, some people abuse children or young people through taking or using images, so we must ensure that we have some safeguards in place.

To protect students we will:

- Seek their consent for photographs to be taken or published (for example, on our website or in newspapers or publications).
- Seek parental consent.
- Not use students' full name with an image.
- Ensure students' are appropriately dressed.
- Ensure that personal data is not shared.
- Store images appropriately, securely and for no longer than necessary.
- Only use college equipment, i.e. not personal devices.
- Encourage students to tell us if they are worried about any photographs that are taken of them.

20. Physical Intervention and Use of Reasonable Force

All staff are encouraged to use de-escalation techniques and creative alternative strategies that are specific to the young person. Restraint will only be used as a last resort and all incidents of this are reviewed, recorded and monitored. Reasonable force will be used in accordance with government guidance. Safeguarding and welfare concerns will be explicitly taken into account if restraint is used on SEND students.

<https://www.gov.uk/government/publications/use-of-reasonable-force-in-schools>
[Reducing the need for restraint and restrictive intervention - GOV.UK \(www.gov.uk\)](https://www.gov.uk/government/publications/reducing-the-need-for-restraint-and-restrictive-intervention)

21. Intimate Care

If a young person requires regular intimate care on site this is likely to be written into a care plan which staff will adhere to. If an accident occurs and a child or young person needs assistance with intimate care this will be risk managed to afford dignity to the young person as well as security to the staff member. Staff will behave in an open and transparent way by informing another member of staff and

having the young persons' consent to help. Parents will be informed and incidents recorded.

PERSONAL CARE PROCEDURE LINK

22. First Aid and Managing Medical Conditions.

Staff will be trained appropriately in first aid and follow safer working practice guidance of 'saying before touching'.

Section 100 of the Children and Families Act 2014 places a duty on colleges' to make arrangements for supporting students at their college with medical conditions. Individual Health Care Plans may need to be drawn up and multi-agency communication will be essential. Staff will be appropriately trained and responsibilities will be carried on in accordance with government guidance Sept 2014.

<https://www.gov.uk/government/publications/supporting-pupils-at-school-with-medical-conditions-3>

23. Changing Rooms and Other Sports Issues

We will take advice from the local Safeguarding Partners as well as national advice from the NSPCC Sports unit.

<https://thecpsu.org.uk/>

24. Special Circumstances (to be included as appropriate for your college)

Looked after Young People LAC/Young People in Care CiC

The most common reason for young people becoming looked after is as a result of abuse or neglect. The college ensures that appropriate staff have information about a child or young persons' looked after status and care arrangements, including contact. The designated teacher for Looked After Children and the DSL team have details of their social worker. As well as the name and contact details of the local authority's virtual head for children in care. They will work with the virtual head to discuss how funding can be best used to support the progress of LAC/CiC and meet the needs in their PEP (Personal Education Plan)

<https://www.gov.uk/government/publications/promoting-the-education-of-looked-after-children>

<https://www.gov.uk/government/publications/designated-teacher-for-looked-after-children>

Wakefield Virtual School – see contacts section

Young people with a social worker

We will promote educational outcomes of this group by DSL's appropriately sharing information about the welfare, safeguarding and child protection issues that this group of children or young people are experiencing, or have experienced, with teachers and school and college leadership staff. DSL's will ensure staff, know who these students are, understand their academic progress and attainment and maintain a culture of high aspirations for this cohort; supporting teaching staff to identify the challenges that children or young people in this group might face and the additional academic support and adjustments that they could make to best support these students.

College Work Experience

The college has detailed procedures to safeguard students undertaking work experience, including arrangements for checking people who provide placements and supervise students on work experience which are in accordance with the guidance in *Keeping Children Safe in Education*.

24. Remote Learning Safeguarding Considerations/Future lockdowns.

During lockdowns we follow government and local arrangements for safeguarding by providing support for vulnerable young people in college and support for others via remote learning and home visits if necessary.

During Covid a safeguarding tracker was completed and returned to the Local Authority to allow coordinated support for young people and families. We will complete this if required for any further

lockdowns.

Vulnerable children & young people include those who have a social worker and those children and young people up to the age of 25 with education, health and care (EHC) plans. Those who have a social worker include children and young people on Child Protection CP, those who are Child in Need CIN and those who are Looked After Children LAC or Children in Care CIC in West Yorkshire. Those with an EHC plan will be risk-assessed in consultation with the Local Authority and parents, to decide whether they need to continue to be offered a school or college place in order to meet their needs, or whether they can safely have their needs met at home. Many children and young people with EHC plans can safely remain at home. Vulnerable also includes any other child the DSL deem to need to be in college for any reason.

Out DSL will follow local checklists when undertaking any home visits to children and young people who are not accessing provision.

[Resources & Agencies | Wakefield Safeguarding Children Partnership \(WSCP\) \(wakefieldscp.org.uk\)](#)

Attendance will be monitored in accordance with government guidance, with links made to local arrangements.

The basics of this policy will remain unchanged e.g. reporting and recording, DSL availability and safer recruitment arrangements.

Remote education is provided through a login on the college website. These are password protected so that only the student can access this.

Safeguarding considerations will include using local WSCP checklists and government guidance;

[Safeguarding and remote education during coronavirus \(COVID-19\) - GOV.UK \(www.gov.uk\)](#)

Part B Child Protection Procedures

Categories and Definitions

To ensure that our students are protected from harm, we need to understand what types of behaviour constitute abuse and neglect.

For allegations against staff please see earlier section.

Abuse

A form of maltreatment of a young person. Somebody may abuse or neglect a young person by inflicting harm, or by failing to act to prevent harm. Children or young people may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse.

Young people & children may be abused by an adult or adults, however it is important that we recognise that students can also be abused by another child or children.

Abuse of a child or young person is never acceptable we will ensure we do not have a culture where low standards are considered acceptable or viewed as 'normal for' a family or community.

For further information on

Mental health issues

Bullying
Online safety
Radicalisation
Serious violence Please see- Current Issues.

Voice of the Young Person

We will always seek and record the voice of the young person and take this into consideration when taking decisions. However there may be circumstances where we override the students wishes and feelings to act in their best interests e.g. in case of CSE where, as a result of perpetrator grooming, the student does not want any intervention. We promote support for any alleged victim, including child on child abuse, and will never victim blame.

Contextual Safeguarding/Extra Familial Harm is an approach to understanding, and responding to, young people's experiences of significant harm beyond their families. It recognizes that the different relationships that young people form in their neighborhoods, colleges and online can feature violence and abuse. Parents and carers have little influence over these contexts, and young people's experiences of extra-familial abuse can undermine parent-child relationships. For example online safety, CSE, CCE, drug use, mental health issues.

There are four categories of abuse: physical abuse, emotional abuse, sexual abuse and neglect. However it is important to remember that young people can be abused outside their family home.

Physical abuse

Physical abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a young person. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a young person. (This used to be called Munchausen's Syndrome by Proxy, but is now more usually referred to as fabricated or induced illness).

Emotional abuse

Emotional abuse is the persistent emotional maltreatment of a young person such as to cause severe and persistent adverse effects on the young persons' emotional development. It may involve conveying to a young person that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the young person opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on young people. These may include interactions that are beyond a young persons' developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the young person participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyber bullying), causing young people frequently to feel frightened or in danger, or the exploitation or corruption of young people. Some level of emotional abuse is involved in all types of maltreatment of a young person, although it may occur alone.

Sexual abuse

Involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the young person is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving young people in looking at, or in the production of, sexual images, watching sexual activities, encouraging young people to behave in sexually inappropriate ways, or grooming a young person in preparation for abuse Sexual abuse can take place online, and technology can be used to facilitate offline abuse. Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children or young people.

Position of Trust

The age of consent for sexual activity is 18 years old if you are in a position of trust over that young person.

See abuse of position of trust in earlier section.

Neglect

Neglect is the persistent failure to meet a young persons' basic physical and/or psychological needs, likely to result in the serious impairment of the young persons' health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to:

- Provide adequate food, clothing and shelter (including exclusion from home or abandonment).
- Protect a young person from physical and emotional harm or danger.
- Ensure adequate supervision (including the use of inadequate care-givers).
- Ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a young persons' basic emotional needs.

Wakefield Neglect Toolkit – will be consulted before any referral is made regarding Neglect.

<https://www.wakefieldscp.org.uk/professionals-and-practitioners/neglect-strategy/>

Definitions taken from *Working Together to Safeguard Children* (HM Government, 2018).

Grooming

Grooming is when someone builds an emotional connection with a young persons to gain their trust for the purposes of abuse such as exploitation. Children and young people can be groomed online or face-to-face, by a stranger or by someone they know - for example a family member, friend or college staff. Groomers may be male or female. They could be any age.

Many children and young people don't understand that they have been groomed or that what has happened is abuse.

Indicators of abuse

Physical signs define some types of abuse, for example, bruising, bleeding or broken bones resulting from physical or sexual abuse, or injuries sustained while a child or vulnerable person has been inadequately supervised. The identification of physical signs is complicated, as children or vulnerable people may go to great lengths to hide injuries, because they are ashamed or embarrassed, or their abuser has threatened them or they don't want the abuser to get into trouble. It is also quite difficult for anyone without medical training to categorise injuries into accidental or deliberate with any degree of certainty.

However young people may have no physical signs or they may be harder to see (e.g. bruising on black skin) therefore staff need to also be alert to behavioural indicators of abuse.

A young person who is being abused or neglected may: (not designed to be a checklist)

- Have bruises, burns, fractures or other injuries which do not have a plausible explanation. E.g. bruises on babies who are not yet mobile, bruises on cheeks, ears, palms, arms, feet, back, buttocks, tummy, backs of legs, bruises in clusters, bruises with finger/belt marks, cigarette burns.
- Challenge authority, have outbursts of anger, poor behaviour – trauma response.
- Be reckless with regard to their own or other's safety.
- Show signs of pain or discomfort.
- Keep arms and legs covered, even in warm weather.
- Be concerned about changing for PE or swimming.
- Display a change in behaviour – from quiet to aggressive, or happy-go-lucky to withdrawn.
- Display affection or attention seeking behaviour.
- Regularly flinch to sudden but harmless actions e.g. raising a hand.

- Look unkempt and uncared for.
- Change their eating habits.
- Have difficulty in making or sustaining friendships.
- Appear fearful.
- Self-harm incl. head banging, eating disorders.
- Frequently miss college or arrive late.
- Show signs of not wanting to go home.
- Display violence/sexualised behaviour towards animals, toys, peers.
- Regress to younger child behaviour.
- Become disinterested in their college work.
- Be constantly tired or preoccupied.
- Be wary of physical contact.
- Be involved in, or particularly knowledgeable about drugs or alcohol.
- Display sexual knowledge or behaviour beyond that normally expected for their age.
- Have unexplained gifts/money/mobile phones or are over secretive online.
- Have low self-esteem.
- Steal or scavenging compulsively.
- Overly affectional to strangers or people they haven't known for very long.
- Traumatic mutism.

Responses from parents that may cause concern;

- Unexpected delay in seeking treatment – medical, dental which is obviously needed.
- Denial of any injury.
- Explanations that differs from that of the child or young person e.g. for bruising.
- Claims of falls/fits etc. that never happen in college.
- Unrealistic expectations or constant complaints about the child or young person.
- Uninterested in child or young person.
- Alcohol /drug misuse.
- Mental health issues which affect parenting.
- Requesting removal of child or young person.
- Domestic abuse.

Disabled children and young people; other signs to consider

- Force feeding.
- Over medication.
- Bruising if non mobile.
- Poor toileting arrangements.
- Lack of stimulation.
- Unjustified use of restraint.
- Rough handling.
- Unwilling to learn child or young persons' means of communication.
- Ill-fitting equipment.
- Misappropriation of child or vulnerable persons' finances.
- Invasive procedures.
- Non consideration of young persons' dignity.

Individual indicators will rarely, in isolation, provide conclusive evidence of abuse. They should be viewed as part of a jigsaw, and each small piece of information will help the DSL team to decide how to proceed.

It is very important that staff report and record their concerns as soon as possible – they do not need 'absolute proof' that the young person is at risk before taking action.

Impact of abuse

The impact of young person abuse should not be underestimated. Many young people do recover well and

go on to lead healthy, happy and productive lives, although most adult survivors agree that the emotional scars remain, however well buried. For some, full recovery is beyond their reach, and research shows that abuse can have an impact on the brain and its development. The rest of their childhood and their adulthood may be characterised by anxiety or depression, self-harm, eating disorders, alcohol and substance misuse, unequal and destructive relationships and long-term medical or psychiatric difficulties. Our staff are trained in ACEs Adverse Childhood Experiences, they understand and work towards trauma informed practice.

Adult Survivor helpline -see appendix.

Taking Action

It is the responsibility of staff to report and record their concerns as soon as possible. A DSL will be available at all times, within the college day, for staff to speak to.

We actively encourage a 'never do nothing' attitude if staff have a concern about a child or young person and promote discussion with a DSL if in any doubt. Abuse of a young person is never acceptable we will ensure we do not have a culture where low standards are considered acceptable or viewed as 'normal for' a family or community.

Any young person, in any family in any college could become a victim of abuse. Staff should always maintain an attitude of "it could happen here" and remain professionally curious.

Key points for staff to remember for taking action are:

- If an emergency take the action necessary to help the child or vulnerable person, for example, call 999 or seek medical attention.
- **REPORT your concern to a DSL as soon as possible.**
- **Complete a record of your concern, using a professional tone and language and immediately pass onto to a DSL if you need assistance with this please speak to Jennie Lewty or Lynda Abrahams.**
- Do not start your own investigation.
- Share information on a need-to-know basis only – do not discuss the issue unnecessarily with colleagues, friends or family.
- Seek support for yourself if you are distressed, see helplines in contacts section.
- Ask for feedback and if there are no improvements push for reconsideration. See escalation section.

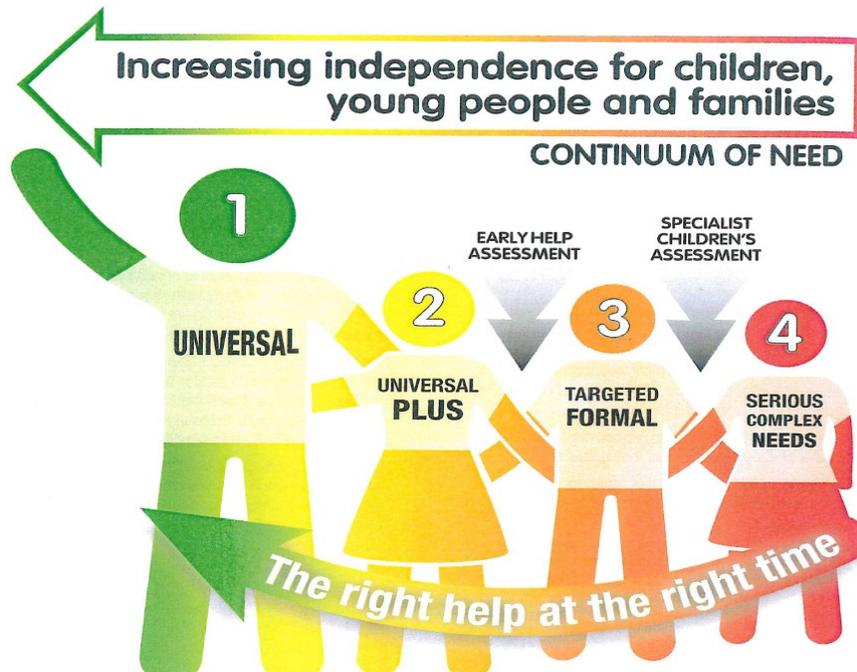

The DSL team will discuss the concern and agree a course of action. The progress of which will be monitored during DSL team peer supervision meetings.

See flowchart in Keeping Children Safe in Education Part 1.

Wakefield has a Continuum of Need for children and families who need support, this ranges from Level 1 to level 4. It is worth noting that a cause for concern does not always require a Level 4 response, it may be the family need a lower level of support to help the situation.

Wakefield Families Together website provides lots of advice and support – Early help;
[Wakefield Families Together – Wakefield Families Together](#)

The Children First hubs and Team Around the School (TAS) arrangements/school link workers are able to signpost school staff and offer support.

Level 1 – Universal services are meeting the needs – no extra intervention needed.

Level 2 – For example a universal service is providing extra support, or have referred to one other single agency. Early Help Single Agency.

Level 3 – Multi agency approach to support. Multi agency early help/ SoS assessment. Children First Hub and TAS arrangements may be able to support. Multi agency Early Help.

Level 4 – Statutory intervention and assessment is needed where child or young persons' is at risk or currently suffering significant harm. Social care/ police assess, investigate and lead at this level.

College does have a duty to intervene early and support however it is not colleges' responsibility to investigate or decide whether a young person has been abused. Colleges do not have the powers to investigate concerns.

If you are concerned about a students' welfare

There will be occasions when staff may suspect that a student may be at risk, but have no 'real' evidence. The students' behaviour may have changed, for example their artwork could be bizarre, and they may write stories or poetry that reveal confusion, distress or mental health issues or their behaviour may have changed. In these circumstances, **staff will give the student the opportunity to talk**. The signs they have noticed may be due to a variety of factors, for example, a parent has moved out, a pet has died or a grandparent is very ill.

It is fine for staff to ask the student if they are OK, if they are worried about anything or if everything is ok at home?

Staff should record these early concerns. If the student does begin to reveal that they are being harmed, staff should follow the dealing with a disclosure/ allegation advice.

Following an initial conversation with the student, if the member of staff remains concerned, they should discuss their concerns with a DSL.

Notifying parents

The college will normally seek to discuss any concerns about a student with their parents. This must be handled sensitively and a DSL will be in the most informed position to make contact with the parent in the event of a concern, suspicion or disclosure/ allegation.

However, if the college believes that notifying parents could increase the risk to the student or exacerbate the problem, advice will first be sought from Social Care MASH or college link workers.

We will be alert if parents and students 'stories' differ in any way e.g. with regards to how an injury was caused and will ensure this is noted and shared with other agencies as appropriate.

If parents have any queries regarding safeguarding they are encouraged to contact a DSL.

If the concern is low level and can be dealt with through the pastoral support in college (Level 2) a DSL will initiate early intervention to;

- Use a restorative approach and engage with the parents/carers as soon as possible (unless the situation is so serious that would put the student at increased risk.) We then can evidence quick action was taken and the length of time of involvement.
- We will invite the parents/carers into college for a meeting to demonstrate professional concerns and discuss a supportive working partnership for the best interests of the student (e.g. breakfast club, additional in college support).
- At this meeting we will discuss the plan of next action should the situation not improve and offer signposting to other local services.
- We will record all contacts with the family, dates and times, including phone calls/letters.
- We will then monitor the student closely - behaviour/concerns/interaction with peers and parents/academic progress etc. This will demonstrate the frequency of concerns and help to build patterns.

If necessary, the college will assess using the Signs of Safety framework – what are we worried about? what's working well? what needs to happen? (Including all subsections, e.g. complicating factors) and then scaling.

If college needs further help (i.e. move to level 3) other agencies/hub link worker will be contacted and if issues escalate the social worker link workers can be contacted or if necessary a referral made to social care/MASH (level 4)

Risk assessments may be required in certain circumstances e.g. HSB. Colleges can use a general risk assessment template and may wish to consult with other agencies for additional support and input.

The Wakefield Neglect toolkit will be considered in any cases of Neglect.

<https://www.wakefieldscp.org.uk/professionals-and-practitioners/neglect-strategy/>

It is important to continually reassess concerns if there are no improvements.

Dealing with Disclosures/ Allegations

It takes a lot of courage for a young person to disclose that they or their peers are being abused. There are many reasons why they may be blocked from telling including -they may feel ashamed, particularly if the abuse is sexual; their abuser may have threatened what will happen if they tell; they may have lost all trust in adults; or they may believe, or have been told, that the abuse is their own fault.

If a student talks to a member of staff about any risks to their safety or wellbeing, the staff member will need to let the student know that they must pass the information on – staff are not allowed to keep secrets. The point at which they tell the student this is a matter for professional judgement. If they jump in immediately the student may think that they do not want to listen, if left until the very end of the conversation, the student may feel that they have been misled into revealing more than they would have otherwise.

Bear in mind that in some cases young people may tell 'half a truth' to test out how information may be handled by the listener. Young people can also withdraw truthful disclosures/allegations later in the process if they feel things have gotten out of their control. Effective communication and relationship building with children and young people will help in these situations.

During their conversations with the students it is best practice for staff to:

- Focus on listening rather than giving advice.
- Allow students to speak freely.
- Remain calm and not overreact – the student may stop talking if they feel they are upsetting their listener.
- Give reassuring nods or words of comfort – ‘I want to help’, ‘This isn’t your fault’, ‘you are doing the right thing talking to me’.
- Not be afraid of silences, and allow space and time for student to continue, staff will recognise the barriers. The student may have had to overcome to disclose.
- Clarifying or repeating back to check what they have heard if needed but will not lead the discussion in any way and will not ask direct or leading questions – such as: whether it happens to siblings too.
- Use questions such as Tell me what happened.....? Is there anything else you want to tell me?
- At an appropriate time tell the student that in order to help them, the member of staff must pass the information on.
- Not automatically offer physical touch as comfort. It may be anything but comforting to a child or vulnerable person who has been abused. However this will be case and age specific. If it is appropriate and in their best interest, the member of staff will use safe touch following advice given in Safer Working Practice guidelines and in training.
- Remember professional boundaries and not share personal experiences or information such as ‘that happened to me’.
- Avoid admonishing the young person for not disclosing earlier. Saying things such as ‘I wish you had told me about this when it started’ or ‘I can’t believe what I’m hearing’ is not helpful and may be interpreted by them to mean that they have done something wrong.
- Not pass judgement on the perpetrator.
- Tell the student what will happen next. The student may agree to go with you to see the Designated Safeguarding Lead. Otherwise let them know that you will be consulting them.
- Write up their conversation as soon as possible and hand it to the designated lead, do not discuss with other staff.
- Seek support if they feel distressed – From DSL team / helplines in contacts section.

Staff should be aware that SEND students may face additional safeguarding challenges and any barriers to disclosure etc. should be removed.

Records and Monitoring

Why recording is important

Our staff will be encouraged to understand why it is vital that recording is timely, comprehensive and accurate.

Cause for concerns recording form is available on Databridge or CPOMS. Staff who do not have ready access to technology should phone or speak face to face to a member of the safeguarding team. **Any concerns about a young person will be recorded in a professional manner and passed to a DSL as soon as possible.** All records will provide a factual and evidence based account and there will be accurate recording of any actions. Records will be signed, dated and timed.

We will seek the young persons’ voice/opinion and ensure this is noted in the records.

At no time will a member of staff take photographic evidence of any injuries or marks to a young persons’ body. The body map will be used in accordance with recording guidance.

It may be appropriate on receipt of a concern for a DSL to open a secure safeguarding file and start a chronology page. This will help in building patterns and decision making.

We will feedback to the staff member any actions, however this will be on a need to know basis. It may not be appropriate for staff members to know full details.

The Safeguarding File On CPOMS

The establishment of a safeguarding file is an important principle in terms of storing and collating information about young people which relates to either a safeguarding concern or an accumulation of welfare concerns which are outside of the usual range of concerns in ordinary life events.

It needs to be borne in mind that what constitutes a 'concern' for one young person may not be a 'concern' for another and the particular child or young persons circumstances and needs will differ i.e. a young persons' subject to a child protection plan, looked after child or young person, Child in Need may be looked at differently to a child or young person recently bereaved, parental health issues etc. We will therefore use professional judgement when making this decision as will have clear links and discussions between pastoral staff and DSL's.

This file will be kept separately from the main student file and will be held securely only to be accessed by appropriately trained DSL's. **The main file, open to staff, will have a marker to signify that a separate safeguarding file exists for that young person so that all staff coming into contact with that child or young person are aware that an additional vulnerability exists.**

The College will keep professionally written records of concerns about young people even where there is no need to refer the matter to external agencies immediately. Each young person will have an individual file i.e. no family files.

All incidents/episodes will be recorded e.g. phone calls to other agencies, in the chronology with more detail and analysis in the body of the file. This will help build a picture and help the DSL team in analysis and action, which may include no further action, monitoring, whether an Early help assessment should be undertaken, or whether a referral should be made to other agencies - Social Care MASH/Children First Hubs/TAS in line with the Continuum of Need document (see link in appendix) and reflecting the Signs Of Safety approach. (See referral checklist on WSCP education webpage)

In cases where there is multi agency involvement - meetings and plans, actions and responsibilities shall be clarified and outcomes recorded.

In some cases files will be made available for external scrutiny for example by a regulatory agency or because of a serious case review or audit.

Records will be kept up to date and **reviewed regularly by a DSL** to evidence and support actions taken by staff in discharging their safeguarding arrangements

The file can be non-active in terms of monitoring i.e. a young person is no longer CiC, subject to a child protection plan. If future concerns then arise it can be re-activated and indicated as such on the front sheet and on the chronology as new information arises.

If the young person moves to another college, the file will be securely sent or taken, to a DSL at the new establishment/college **within 5 days** and a **written receipt will be obtained**. There will be a timely liaison between each college DSL, and if necessary a face to face meeting, to ensure a smooth and safe transition for the child or young person. We will retain a copy of the chronology to evidence actions, in accordance with record retention guidance. <https://learning.nspcc.org.uk/research-resources/briefings/child-protection-records-retention-storage-guidance>

Child protection records may be exempt from the disclosure provisions of the Data Protection Act, which means that young people and parents do not have an automatic right to see them in certain circumstances. If any member of staff receives a request from a student or parent to see child protection records, they will refer the request to the Principal, who will consult with information governance.

Referral to Social Care MASH (Level 4)

Wakefield offer a consultation service before referral is taken. It is important to ring for a discussion before filling in a MARF.

A DSL will make a referral to Social Care MASH if it is believed that a student is suffering or is at risk of suffering significant harm – Level 4 on the Continuum of Need. In DSL absence anyone can make a referral. This is done in Wakefield with reference to the Continuum of Need (see link in appendix) and MARF Multi Agency Referral Form, sent securely. There is a DSL referral checklist and referral form available on WSCP safeguarding for colleges webpage. Social care should inform the DSL of the outcome within one working day. If this does not happen the DSL should follow this up in the following days and escalate if required.

If there is already a social worker assigned to this case, for safeguarding reasons, the social worker should be contacted directly.

The student (subject to their age and understanding) and the parents will be told that a referral is being made, unless to do so would increase the risk to the child or young person.

The DSL will then be expected to take part in assessments, strategy meetings, case conferences etc. as and if required.

Reports for meetings will be shared with parents beforehand, unless there is good reason not to and reports will be sent to the appropriate meeting chair if the DSL cannot attend in person.

The Wakefield Neglect toolkit will be considered in any cases of Neglect before referrals are made to other agencies.

<https://www.wakefieldscp.org.uk/professionals-and-practitioners/neglect-strategy/>

Escalation / Professional Disagreement

If the situation does not appear to be improving or there is any professional disagreement with the outcome the college will press for reconsideration and follow WSCP professional disagreement procedure.

https://westyorkscb.proceduresonline.com/p_res_profdisag.html?zoom_highlight=professional+disagreement

Any member of staff can refer to other agencies in exceptional circumstances i.e. in an emergency or when there is a genuine concern that action has not been taken.

Referral to Police

Remember if a criminal offence has occurred it will be necessary to contact the police 101 or 999 as appropriate. It may be useful to state which department we require e.g. child safeguarding unit / CVE team / indecent images team.

If we believe a young person is being radicalised we will refer to the Prevent police officer using the referral form on the WSCP education page.

When to Report to Police guidance;

<https://www.npcc.police.uk/documents/Children%20and%20Young%20people/When%20to%20call%20the%20police%20guidance%20for%20schools%20and%20colleges.pdf>

Local partnership intelligence portal PIP – to report intelligence -does not replace usual procedures if child or young person is at risk.

Home Visits

When our staff are required to do home visits we will follow best practice and consult the checklist

<https://www.wakefieldscp.org.uk/education/templates/>

Confidentiality and Information Sharing

Staff will only discuss concerns with a Designated Safeguarding Lead, Principal or Chair of Trustees (depending on who is the subject of the concern). That person will then decide who else needs to have the information and they will disseminate it on a 'need-to-know' basis.

We will normally seek to discuss any concerns about a student with their parents. This must be handled sensitively and a DSL will be in the most informed position to make contact with the parent in the event of a concern, suspicion or disclosure/ allegation.

However, if we believe that notifying parents could increase the risk to the child or young person or exacerbate the problem, advice will first be sought from Social Care MASH.

The Seven Golden Rules for Safeguarding Information Sharing

- Data Protection/Human rights laws are not a barrier.
- Be open and honest. (unless unsafe or inappropriate)
- Seek advice. (anonymise if necessary)
- Share with consent if appropriate.
- Consider safety and wellbeing.
- Necessary, proportionate, relevant, adequate, accurate, timely and secure.
- Keep a record of decision and reason for it.

<https://www.gov.uk/government/publications/safeguarding-practitioners-information-sharing-advice>

<https://www.gov.uk/government/publications/data-protection-toolkit-for-schools>

Data protection legislation GDPR does not prevent college staff from sharing information with relevant agencies, where that information may help to protect a child or young person. Ideally information sharing will be done in writing so that there is an evidence trail however there may be occasions where this method is too slow. **In cases where agencies such as MASH (Multi Agency Safeguarding Hub) ring the college requesting information reception staff will take a message and inform a DSL *immediately***, the DSL will ensure they can identify who is requesting the information before sharing and then record what has been shared, when, why and with whom.

Child protection records may be exempt from the disclosure provisions of the Data Protection, which means that children, young people and parents do not have an automatic right to see them in certain circumstances. However it will be usual practice for parents to have been informed of any concerns at the time. If any member of staff receives a request from a student or parent to see child protection records, they will refer the request to the Principal who will consult with information Trustees.

Any personal safeguarding information shared with external agencies will be done so securely e.g. by secure email, password protected or recorded delivery.
