Dear Parent/Carer

Improving College Communications with ParentMail

Communicating with parents is an important part of what we do, making sure you get the correct information about school news, activities and things that really matter is something we care about.

ParentMail will be beneficial to you because you can:

- Use a free mobile app on Android and iOS to pick up college messages instantly.
- Have an account simply for college messages (away from your busy email inbox!)
- Connect to other schools, colleges or clubs that use ParentMail.
- Highlight important messages or archive old messages to make life easier.
- Messages can be sent directly to parents/carers.

Registering with ParentMail is very easy! Over the next few days you will be sent either an email and/or text message from ParentMail, when you receive this please just follow the instructions in the message.

Please be assured that ParentMail is registered with the Information Commissioner and guarantees that all information you provide will be kept private and will not be passed on to any other organisation.

Once registered, if you have an Android or Apple smartphone, we would highly recommend you download the ParentMail App for the best user experience. To do this, simply search for "ParentMail" in your App store.

Why you need to download the ParentMail app

We strongly encourage you to download the mobile app; here's why:

- Push notifications alert you to new messages, enabling you to access important information with ease.
- Keep up to date on college communications from the comfort of home or while out and about.
- Manage all college messages in one place.
- Manage communications for more than one student, across different schools/colleges, with one ParentMail account.
- You don't need to log in to pick up messages or attachments - communications are quick and easy to access in moments.

We occasionally send text messages to our parents. However, text messages are very expensive for our college, and we know they're inconvenient for you, too. If all parents download the free ParentMail app, we could put the money we save on text messages to much better use and you won't have to dig through your inboxes for college information – win, win!

Download the app for free from the Apple App store or the Google Play Store now. Best wishes, Business Admin.

If you need any additional information or assistance, please visit the help site: www.parentmail.co.uk/help/parenthelp/ or if you have not received any contact from ParentMail within 7days please contact Leona Wilson in the admin office.

Yours sincerely

Leona Wilson
Senior Business Administrator
